

# Fused Glass Sun Catcher Workshop

Perquimans County Senior Center-for members only

Thursday, March 18 & 25      9 a.m. – 11 a.m.

Learn to design and create a beautiful sun catcher! In the first session, instructor Dottie Ansell will guide you in the steps to use small bits of glass to be fused onto a base. Materials will be supplied with a variety of color choices.

The instructor will take your creations to be fired in a kiln to fuse the glass pieces to the base. In the second session, you will use wire, beads and other embellishments to attach your glass to a piece of dowel, driftwood or other wooden material (provided by student). Feel free to bring beads to use or share for decoration. Class size limited to 12.

Workshop is provided free of charge  
By Perquimans Arts League through a  
Grassroots Grant from  
The North Carolina Arts Council.
