**Monday— April 22, 2024 at 10:30am**

This informal opportunity will provide leadership in the components found in creative writing, which may include:

- (1) Connecting, or at least attempting to connect with the reader's emotions,**
- (2) writing from a specific point of view, organizing the text around a narrative structure which shapes how the reader interacts with the content and using imaginative and or descriptive language.**

**Please bring your favorite notebook, pencil and enjoy this great opportunity.**
