

A. R. Chesson Construction has been chosen as the Construction Manager at Risk by Perquimans County Emergency Services. This is an invitation to prequalify subcontractors for the project.

Information regarding the project, scope, bid packages, and directions for obtaining and completing the prequalification form can be found at **projects.archesson.com** and selecting the project.

Completed forms are due Thursday, June 12th, 2025 at 2 pm.

Historically underutilized business participation is highly encouraged. Elements of the work may be combined or broken down to facilitate minority participation at the discretion of the Construction Manager.

All interested contractors shall submit their completed form as directed in the instructions.

Completed pre-qualification forms shall be submitted via electronically unless approved by the Construction Manager. The pre-qualification package and requirements can be viewed at **projects.archesson.com** and selecting the project.

Invitations to prequalify can be requested via email at chrismorris@archesson.com or by calling 252-338-9171. Invitations are not required.

Changes or updates to the prequalification will be emailed only. Incomplete or late packages may be deemed non-responsive. Bid Invitations will only be issued to the pre-qualified subcontractors for bidding.
