Jennings, Tax Supervisor Kathryn Treiber, Elections Director Jonathan Nixon, Communications Jonathan Nixon, EMS Coordinator Howard Williams, Recreation Director Janet Stallings, Soil Conservation Rhonda Money, County Planner Shelby White, Sheriff Nick Lolies, Water Plant Superintendent Frank Heath, Bldg. & Grounds Supervisor Virgil Parrish, Chief Building Inspector Preston Spear, Veterans Services Coordinator Jewel Winslow, Chairman Extension Services Susan Chaney, Director Social Services Stephen Chappell, Animal Control Officer Beverly Gregory, Senior Citizens

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners Perquimans County, North Carolina

I have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the Perquimans County, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Perquimans County Tourism Development Authority were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

#### **Opinions**

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Perquimans County, North Carolina, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 13, the Local Government Employees' Retirement System Schedules of the County's Proportionate Share of Net Pension Liability and County Contributions on pages 63 and 64, and the Register of Deeds' Supplemental Pension Fund Schedules of the County's Proportionate Share of the Net Pension Asset and County Contributions on pages 65 and 66, the Law Enforcement Officers' Special Separation Allowance Schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll on pages 67 and 68, and the Other Post Employment Benefits Schedule of Changes in the Total OPEB Liability and Related Ratios on Page 69, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Perquimans County, North Carolina's basic financial statements. The combining and individual nonmajor fund financial statements, budgetary schedules, and other schedules, as well as the accompanying Schedule of Expenditures of Federal and State Awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures

in accordance with auditing standards generally accepted in the United States of America. In my opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

DOWN H. WILDONG, CPA, P.C.

In accordance with Government Auditing Standards, I have also issued my report dated November 11, 2021, on my consideration of Perquimans County, North Carolina's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Perquimans County, North Carolina's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Perquimans County, North Carolina's internal control over financial reporting and compliance.

Edenton, North Carolina November 11, 2021

# Perquimans County Management's Discussion and Analysis

As management of Perquimans County, we offer readers of Perquimans County's financial statements this narrative overview and analysis of the financial activities of Perquimans County for the fiscal year ended June 30, 2021. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative.

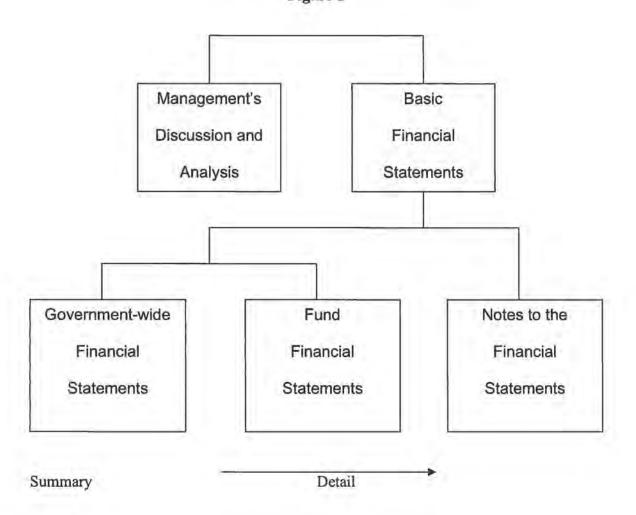

## Financial Highlights

- The assets and deferred outflows of resources of Perquimans County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$20,080,086 (net position).
- The government's total net position increased by \$1,489,709, primarily due to an increase in current and capital assets and a decrease in long-term liabilities.
- As of the close of the current fiscal year, Perquimans County's governmental funds reported combined ending fund balances of \$11,362,007, an increase of \$1,685,501 in comparison with the prior year. Approximately 41.94 percent of this total amount, or \$4,764,895, is restricted, committed or assigned.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$4,764,895 or 29.64 percent of total general fund expenditures for the fiscal year.
- At the end of the current fiscal year, total fund balance for the General Fund was \$6,924,484 or 43.07% of total general fund expenditures for the fiscal year. The total fund balance minus funds reserved by State statute was \$4,764,895, or 29.64% of total general fund expenditures for the fiscal year.
- Perquimans County's total debt decreased by \$1,437,382 (14.9%) during the current fiscal year.

#### Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Perquimans County's basic financial statements. The County's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of Perquimans County.

# Required Components of Annual Financial Report Figure 1

#### **Basic Financial Statements**

The first two statements (Exhibits 1 and 2) in the basic financial statements are the Government-wide Financial Statements. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits 3 through 10) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the County's non-

major governmental funds and internal service funds, all of which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

Following the notes is the required supplemental information. This section contains funding information about the County's pension plans.

#### Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net position and how they have changed. Net position is the difference between the County's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gage the County's financial condition.

The government-wide statements are divided into two categories: 1) governmental activities and 2) business-type activities. The governmental activities include most of the County's basic services such as public safety, parks and recreation, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These include the water and solid waste services offered by Perquimans County.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

#### **Fund Financial Statements**

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Perquimans County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of Perquimans County can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called modified accrual accounting. This method also has a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her

determine if there are more or less financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Perquimans County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. To account for the difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the budgetary statement.

**Proprietary Funds** – Perquimans County has one kind of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Perquimans County uses enterprise funds to account for its water activity and for its solid waste operations. These funds are the same as those separate activities shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Perquimans County has seven fiduciary funds, all of which are agency funds.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 25 of this report.

## Government-Wide Financial Analysis

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets and deferred outflows of resources of Perquimans County exceeded liabilities and deferred inflows of resources by \$20,080,086 as of June 30, 2021. The County's net position increased by \$1,489,704 for the fiscal year ended June 30, 2021. One of the largest portions reflects the County's net investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items. Perquimans County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Perquimans County's investment in its capital

assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of Perquimans County's net position, \$5,362,475, represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$(204,893) is unrestricted.

Perquimans County's Net Position

| Net Position                        |                         |               |              |               |               |               |  |  |
| Net investments in capital assets   | 7,865,816               | 8,078,336     | 7,056,688    | 7,010,740     | 14,922,504    | 15,089,076    |  |  |
| Restricted                          | 5,362,475               | 4,588,578     | -            |               | 5,362,475     | 4,588,578     |  |  |
| Unrestricted                        | (1,727,573)             | (2,763,107)   | 1,522,680    | 1,675,830     | (204,893)     | (1,087,277)   |  |  |
| Total Net Position                  | \$ 11,500,718           | \$ 9,903,807  | \$ 8,579,368 | \$ 8,686,570  | \$ 20,080,086 | \$ 18,590,377 |  |  |

Several particular aspects of the County's financial operations positively influenced the total unrestricted governmental net position:

- Continued diligence in the collection of property taxes by maintaining a collection percentage of 97.35%, higher than the average for counties with a population less than 25,000 of 96.99%. (Source: NC Treasurer, County Cash, Taxes and Fund Balance Available, 2020)
- Management's proactive stance on monitoring spending across County departments.
- Continued low cost of debt due to the County's low total indebtedness.

Governmental activities. Governmental activities increased the County's net position by \$1,596,911. Key elements of this increase are as follows:

· Decrease in total expenses and increase in general revenues.

Business-type activities: Business-type activities decreased Perquimans County's net position by \$107,202. Key elements of this decrease are as follows:

Increase in total expenses for solid waste and water operations.

## Financial Analysis of the County's Funds

As noted earlier, Perquimans County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of Perquimans County's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Perquimans County's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of Perquimans County. At the end of the current fiscal year, Perquimans County's fund balance available in the General Fund was \$4,764,895, while total fund balance reached \$6,924,484. The County currently has an available fund balance of 29.64% of general fund expenditures, while total fund balance represents 43.07% of that same amount.

At June 30, 2021, the governmental funds of Perquimans County reported a combined fund balance of \$11,362,007, a 17.4% increase over last year.

General Fund Budgetary Highlights: During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services. Total amendments to the General Fund increased revenues by \$530,229.

**Proprietary Funds**. Perquimans County's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Total net position of the Solid Waste Fund at the end of the fiscal year amounted to \$443,056 and net position for the Water Fund equaled \$8,136,312. The total decrease in net position for the Solid Waste fund was \$42,094. The total decrease in the Water fund was \$65,108. Other factors concerning the finances of these funds have already been addressed in the discussion of Perquimans County's business-type activities.

# Capital Asset and Debt Administration

Capital assets. Perquimans County's capital assets for its governmental and business – type activities as of June 30, 2021, totals \$17,934,040 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, recreational facilities, and vehicles.

Major capital asset transactions during the year include:

Building improvements, parking lot improvements, Emergency Service equipment.

Perquimans County's total debt decreased by \$1,437,382 (14.9%) during the past fiscal year.

The State of North Carolina limits the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for Perquimans County is \$114,693,773.

Additional information regarding Perquimans County's long-term debt can be found beginning on page 56 of this audited financial report.

## Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the challenges of the County for next year's budget.

- The County's unemployment rate of 4.7%. (N.C. Dept. of Commerce, Labor and economic Analysis Division)
- Uncertainty due to the effects of COVID-19.
- Continued challenges in property tax collection rate due to economic conditions.
- Inflation and supply chain issues.

#### Budget Highlights for the Fiscal Year Ending June 30, 2022

Governmental Activities: Perquimans County's Ad-valorem tax rate was set at \$0.61/\$100 value. Property tax revenues are expected to increase by approximately 1.38% as a result of new real estate construction. Permit and fee revenues are expected to increase due to the vibrant real estate market. Sales tax revenues have improved due to increased local shopping because of COVID-19.

Budgeted expenditures in the General Fund are \$17.63 million. Various capital projects were budgeted, focusing on the EMS and Sheriff's office. School spending was increased by \$100,000.

This budget included a 4% adjustment to the salary schedule for employees and merit and step increases were re-instituted.

Business – type Activities: Due to increased operational costs, water rates were increased to a \$17.50 minimum bill and \$9 per thousand gallons after the first thousand gallons. Within FY 21-22, Perquimans will continue to pay for and receive 150,000 gallons of treated water per day from Pasquotank County.

Perquimans will continue to invest in radio read water meter technology and will make investments in the reliability of ground water wells.

Rates for solid waste services increased to \$150 per year due to increased operational costs.

# Requests for Information

This report is designed to provide an overview of the County's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the County Manager, Perquimans County, P.O. Box 45, Hertford, NC 27944.

## PERQUIMANS COUNTY, NORTH CAROLINA STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES GOVERNMENTAL FUNDS FOR THE YEAR ENDED JUNE 30, 2021

Exhibit 5

| Amounts reported for governmental activities in the Statement of Activities are different because:  |                 |
|---|-----------------|
| Net changes in fund balances - total governmental funds   | \$<br>1,685,501 |
| Governmental funds report capital outlays are expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.  | (614,278)       |
| Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities  | 311,371         |
| Benefit payments and administration costs for OPEB are deferred outflows of resources on the Statement of Net Position  | 131,665         |
| Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.  | (57,123)        |
| The issurance of long-term debt provides financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items. | 1,080,939       |
| Some expenses reported in the Statement of Activities do not require the use of<br>current financial resources and, therefore, are not reported as expenditures in<br>governmental funds.   | <br>(941,164)   |
| Total changes in net position of governmental activities  | \$<br>1,596,911 |

#### NOTES TO THE FINANCIAL STATEMENTS

Notes are provided in the Financial Section and are considered essential to fair presentation and adequate disclosure for the financial report. The notes include the Summary of Significant Accounting Policies for the County and other necessary disclosures of important matters relating to the financial position of the County. The notes are treated as an integral part of the financial statements and should be read in conjunction with them.

#### Summary of Significant Accounting Policies

The accounting policies of Perquimans County (the County) and its component unit conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

#### A. Reporting Entity

The County, which is governed by a six-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by generally accepted accounting principles, these financial statements present the County and its component unit, legally separate entities for which the County is financially accountable. The Perquimans County Tourism Development Authority (the Authority), which has a June 30 year end, is presented as if it were a separate proprietary fund of the County (discrete presentation).

| Component Unit   | Reporting<br>Method | Criteria for Inclusion   | Separate Financial<br>Statements |
|--|---------------------|--|----------------------------------|
| Perquimans<br>County Tourism<br>Development<br>Authority | Discrete            | The members of the Tourism  Development Authority governing board are appointed by the County. The County can remove any commissioner with or without cause. | None issued                      |

# B. Basis of Presentation, Basis of Accounting

#### **Basis of Presentation**

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government net position (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category — governmental, proprietary, and fiduciary — are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each of

which is displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, result from non-exchange transactions. Other non-operating items such as investment earnings are ancillary activities.

The County reports the following major governmental funds:

General Fund. This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Tax Revaluation Fund is a legally budgeted fund under North Carolina General Statutes; however, for statement presentation in accordance with GASB Statement No. 54 it is consolidated in the General Fund.

County Construction Capital Projects Fund - This is the County's capital projects fund. It accounts for all capital projects of the general government, except those required to be accounted for in another fund.

The County reports the following major enterprise funds:

Water Fund - This fund is used to account for the operations of the Water System within the County. The Water Capital Improvement Fund is a legally budgeted fund under North Carolina General Statutes; however, for statement presentation in accordance with GASB Statement No. 54, it is consolidated in the Water Fund.

Solid Waste Fund - This fund is used to account for the solid waste activities within the County.

The County reports the following fund types:

Agency Funds. Agency funds are custodial in nature and do not involve the measurement of operating results. Agency funds are used to account for assets the County holds on behalf of others. The County maintains the following agency funds: the Social Services Fund, which accounts for moneys deposited with the Department of Social Services for the benefit of certain individuals; the Soil and Water Conservation Fund, which accounts for money held by the County for the use in soil and water conservation projects; the 4-H Fund, which accounts for money held by the County for the use in the 4-H program; the Sheriff's Fund, which accounts for money held by the Sheriff for community benevolent uses; the Babe Ruth Fund, which accounts for money held by the County for the Babe Ruth baseball leagues; the Farm Service Fund, which accounts for money held by the County for the Farm Service Agency; and the Deed of Trust Fee Fund, which accounts for the five dollars of each fee collected by the register of deeds for registering or filing a deed of trust or mortgage and remitted to the State Treasurer on a monthly basis.

Non-major Funds. The County maintains five legally budgeted funds. The Emergency Telephone System Fund and the American Rescue Plan Act Fund are reported as non-major special revenue funds. The County Capital Projects Reserve and the School Construction Capital Projects Funds are reported as capital projects funds.

#### Measurement Focus - Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-wide, Proprietary, and Fiduciary Fund Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds which have no measurement focus. The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Since September 1, 2013, the State of North Carolina has been responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. These property taxes are due when vehicles are registered. Motor vehicle property tax revenues are applicable to the fiscal year in which

they are received. Uncollected taxes that were billed by the County for periods prior to September 1, 2013 or those for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the beer and wine tax, collected and held by the State at year-end on behalf of the County, are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then general revenues.

#### C. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the Emergency Telephone, Fire District and Tax Revaluation Special Revenue Funds, and the Enterprise Funds. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the Capital Reserve Special Revenue Fund, the Capital Projects Fund, and the Enterprise Capital Projects Funds. The Landfill Closure and Postclosure Reserve Fund and the Enterprise Capital Projects Funds are consolidated with the enterprise operating funds for reporting purposes.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the project level for the multi-year funds. The Finance Officer may transfer amounts between objects of expenditures within a department except salary amounts without limitation. The Finance Officer may not transfer any amounts between funds. The governing board must approve all amendments. During the year, several immaterial amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

# D. Assets, Liabilities, Deferred Inflows and Outflows of Resources, and Fund Equity

#### 1. Deposits and Investments

All deposits of the County and the Authority are made in board-designated official depositories and are secured as required by G.S. 159-31. The County and the Authority may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County and the Authority may establish time deposit accounts such as NOW and SuperNOW accounts, money market deposit accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the County and the Authority to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local

government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT).

#### 2. Cash and Cash Equivalents

The County pools moneys from all funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are considered cash and cash equivalents. The Authority considers demand deposits and investments with a maturity date of 90 days or less at time of purchase to be cash and cash equivalents.

### 3, Restricted Assets

The unexpended note proceeds of the County's Water System Fund are classified as restricted assets within the enterprise fund because their use is completely restricted to the purpose for which the notes were originally obtained. Customer deposits held by the County before any services are supplied are restricted to the service for which the deposit was collected. Money in the Tax Revaluation Fund is classified as restricted assets because its use is restricted per North Carolina General Statute 153A-150. Money in the School Capital Projects Fund is classified as restricted assets because its use is restricted per North Carolina General Statute 159-18 through 22.

| Total business-type activities |   | 67,84          |
| Total restricted cash          |   | \$<br>4,450,44 |

## 4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the County levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2019. As allowed by State law, the County has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the County's General Fund, ad valorem tax revenues are reported net of such discounts.

#### 5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

#### 6. Inventories and Prepaid Items

Inventories are not maintained in the governmental funds of the County. The governmental funds recognize materials and supplies as expenditures at the time of purchase. The inventory of the County's Enterprise Funds consists of materials and supplies held for consumption. The cost is recorded as an expense when the inventory is consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### 7. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after July 1, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. Minimum capitalization costs are as follows: land, \$10,000; buildings, improvements, substations, lines, and other plant and distribution systems, \$15,000; infrastructure, \$20,000; equipment and furniture, \$5,000; vehicles and motorized equipment, \$10,000; computer software, \$5,000; and computer equipment, \$5,000. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

The County holds title to certain Perquimans County Board of Education properties that have not been included in capital assets. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board of Education give the Board of Education full use of the facilities, full responsibility for maintenance of the facilities, and provide that the County will convey title to the property back to the Board of Education after all restrictions of the financing agreements and all sales tax reimbursement requirements have been met. The properties are reflected as capital assets in the financial statements of the Perquimans County Board of Education.

Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

|                                  | Years |
|----------------------------------|-------|
| Buildings                        | 50    |
| Plant and distribution systems   | 40    |
| Infrastructure                   | 30    |
| Other improvements               | 25    |
| Equipment and furniture          | 10    |
| Vehicles and motorized equipment | 6     |

### 8. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has several items that meet this criterion - a charge on refunding, pension, and contributions made to the OPEB or pension plans in the current fiscal year. In addition to liabilities, the statement of financial position can also report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has three items that meet the criterion for this category - prepaid taxes, special assessments receivable, and other OPEB or pension related deferrals.

## 9. Long-term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities on the statements of net position.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as other financing sources.

#### 10. Compensated Absences

The vacation policies of the County provide for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. An expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned in the County's government-wide, proprietary fund, and Hospital statements.

The sick leave policies of the County provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the County has no obligation for accumulated sick leave until it is actually taken, no accruals for sick leave have been made.

#### 11. Net Position/Fund Balances

#### **Net Position**

Net position in government-wide and proprietary fund financial statements is classified as net investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are either a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through State statute.

#### **Fund Balances**

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Restricted Fund Balance - This classification includes revenue sources that are restricted to specific purposes externally imposed or imposed by law.

Restricted for Stabilization by State Statute - North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Register of Deeds - portion of fund balance that is restricted by revenue source to pay for the computer equipment and imaging technology for the Register of Deeds' office.

Restricted by Department of Justice Forfeiture Program - portion of fund balance that is restricted by to pay for specific items for the sheriff department.

Restricted for School Capital - portion of fund balance that can only be used for School Capital per G.S. 159-18-22.

Committed Fund Balance - Portion of fund balance that can only be used for specific purpose imposed by majority vote of Perquimans County's governing body (highest level of decision-making authority). Any changes or removal of specific purposes requires majority action by the governing body.

Committed for Tax Revaluation - portion of fund balance that can only be used for Tax Revaluation.

Assigned Fund Balance - portion of fund balance that the Carolina County governing board has budgeted.

Subsequent year's expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation; however, the budget ordinance authorizes the Finance

Officer may transfer amounts between objects of expenditures within a department except salary amounts without limitation. The Budget Officer may not transfer amounts between funds.

Unassigned Fund Balance - Portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

#### 12. Defined Benefit Pension and OPEB Plans

The County participates in three cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State: the Local Governmental Employees' Retirement System (LGERS); the Registers of Deeds' Supplemental Pension Fund (RODSPF); the Law Enforcement Officers' Special Separation Allowance (LEOSSA) (collectively, the "stateadministered defined benefit pension plans"); and one other postemployment benefit plan (OPEB), the Healthcare Benefits Plan (HCB). For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state-administered defined benefit pension plans' fiduciary net positions have been determined on the same basis as they are reported by the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The County's employer contributions are recognized when due and the County has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans. For purposes of measuring the net OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the HCB and additions to/deductions from the HCB's fiduciary net position have been determined on the same basis as they are reported by the HCB. For this purpose, the HCB recognizes benefit payments when due and payable in accordance with the benefit terms. Investments for all plans are reported at fair value.

## E. Reconciliation of Government-wide and Fund Financial Statements

 Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.

The governmental fund balance sheet includes a reconciliation between total fund balance for the governmental funds and net position for governmental activities as reported in the government-wide statement of net position. The net adjustment of \$138,711 consists of the following:

| Capital assets used in governmental activities are not financial resources and are therefore not reported in the funds (total capital assets on government-wide statement in governmental activities |                  |
|--|------------------|
| column)  | \$<br>16,725,298 |
| Less - accumulated depreciation  Net capital assets  | <br>9,483,984    |
| Net pension asset  | 29,766           |
| Contributions to the pension plan in the current fiscal year   | 1,176,112        |
| Benefit payments and administration costs for OPEB   | 684,887          |
| Net loan fees  | 2,700            |
| Accrued interest receivable less the amount claimed as unearned revenue in the government-side statements as these funds are not available and therefore are unavailable in the fund statements      | 226,482          |
| Liabilities for revenue deferred but earned and therefore reported in the fund statements but not the government-wide  | 796,893          |
| Pension related deferrals  | (39,880)         |
| LEOSSA related deferrals   | (16,452)         |
| OPEB related deferrals   | (136, 108)       |
| Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not recorded in the fund statements:                         |                  |
| Bonds and installment financings   | (6,777,218)      |
| Capital leases   | (121,800)        |
| Compensated absences   | (292,819)        |
| Net pension liability - LGERS  | (1,816,373)      |
| Total pension liability - LEOSSA   | (494,627)        |
| OPEB liability   | (2,468,774)      |
| Accrued interest payable   | (98,062)         |
| Total adjustment   | \$<br>138,711    |

# 2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances for the governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. The total adjustment of (\$88,590) is comprised of the following:

| Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement of activities  | \$ 51,249   |  |
|---|-------------|--|
| Depreciation expense, the allocation of those assets over their useful lives, that is recorded on the statement of activities but not in the fund statements          | (665,527)   |  |
| Principal payments on debt owed are recorded as a use of funds on the fund statements but affect only the statement of net position in the government-wide statements | 1,080,939   |  |
| Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities  | 311,371     |  |
| Benefit payments and administration costs for OPEB are deferred outflows of resources on the Statement of Net Position  | 131,665     |  |
| Expenses reported in the statement of activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements:     |             |  |
| Difference in interest expense between fund statements (modified accrual) and government-wide statements (full accrual)   | 13,546      |  |
| Amortization expense  | (362)       |  |
| Compensated absences  | (27,958)    |  |
| OPEB expense  | (225,072)   |  |
| County's portion of collective pension expense  | (701,318)   |  |
| Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements:                           |             |  |
| Decrease in accrued interest receivable on taxes at year end  | (500)       |  |
| Reversal of deferred tax revenue recorded at July 1   | (853,516)   |  |
| Recording of tax receipts deferred in the funds statements at June 30   | 796,893     |  |
|   | \$ (88,590) |  |

## II. Stewardship, Compliance, and Accountability

None noted.

## III. Detail Notes on All Funds

#### A. Assets

## Deposits

All the County's and the Authority's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's or the Authority's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County and the Authority these deposits are held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interestbearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County, the Authority, or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County or the Authority under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County and the Authority rely on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The County and the Authority have no formal policy regarding custodial credit risk for deposits.

At June 30, 2021, the County's deposits had a carrying amount of \$13,269,814 and a bank balance of \$13,716,365. Of the bank balance, \$500,000 was covered by federal depository insurance and \$13,216,365 was covered by collateral held under the Pooling Method.

At June 30, 2021, Perquimans County had \$950 cash on hand.

At June 30, 2021, the carrying amount of deposits for the Authority was \$54,191.

#### 2. Property Tax - Use-Value Assessment on Certain Lands

In accordance with the general statutes, agriculture, horticulture, and forestland may be taxed by the County at the present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable. The property taxes that could become due if present use-value eligibility is lost at June 30, 2021 were not available. These amounts have not been recorded in the financial statements.

# 3. Receivables

Receivables at the government-wide level at June 30, 2021, were as follows:

|                                 | Acc  | counts  | relat | axes and<br>ted accrued<br>interest | 75.77 | e from other<br>vernments | Total           |

| Governmental activities:        |      |         |       |                                     |       |                           |                 |
| General                         | \$   | 17      | \$    | 796,891                             | \$    | 825,014                   | \$<br>1,621,905 |
| Other governmental              |      | -       |       | - 1.3                               |       | 38,100                    | 38,100          |
| Total receivables               |      | -5      |       | 796,891                             |       | 863,114                   | 1,660,005       |
| Allowance for doubtful accounts |      | (6)     |       | (37,000)                            |       | -                         | (37,000)        |
| Total governmental activities   | \$   | -       | \$    | 759,891                             | \$    | 863,114                   | \$<br>1,623,005 |
| Business type activities:       |      |         |       |                                     |       |                           |                 |
| Water Fund                      | \$27 | 78,249  | \$    | 4                                   | \$    | 26,437                    | \$<br>304,686   |
| Solid Waste                     | 30   | 05,010  |       | 14                                  |       | 2,587                     | 307,597         |
| Total receivables               | 58   | 33,259  |       | 291                                 |       | 29,024                    | 612,283         |
| Allowance for doubtful accounts | (1   | 12,517) |       | -                                   |       |                           | (12,517)        |
| Total business type activities  | \$57 | 70,742  | \$    | •                                   | \$    | 29,024                    | \$<br>599,766   |

Due from other governments that is owed to the County consists of the following:

| Other grant funds              | \$<br>2,587   |
|--------------------------------|---------------|
| Local option sales tax         | 700,399       |
| Sales tax reimbursements       | 78,198        |
| Scrap tire tax                 | 5,491         |
| Franchise tax                  | 4,070         |
| Social services reimbursements | 74,022        |
| State 911 funds                | 27,371        |
| Total                          | \$<br>892,138 |

# 4. Capital Assets

# **Primary Government**

Capital asset activity for the year ended June 30, 2021, was as follows:

|   | Beginning<br>Balances | Increases | Decreases | Ending<br>Balances |
|---|-----------------------|-----------|-----------|--------------------|
| Governmental activities:                    |                       |           |           |                    |
| Capital assets not being depreciated:       |                       |           |           |                    |
| Land  | \$ 1,085,605          | \$ -      | \$ -      | \$ 1,085,605       |
| Construction in progress                    | 18,960                | 19,340    |           | 38,300             |
| Total capital assets not being depreciated  | 1,104,565             | 19,340    |           | 1,123,905          |
| Capital assets being depreciated:           |                       |           |           |                    |
| Buildings                                   | 10,233,114            |           | 1.5       | 10,233,114         |
| Equipment                                   | 2,706,312             | 12,309    | 1.3       | 2,718,621          |
| Land improvements                           | 641,254               | 2         | 24        | 641,254            |
| Vehicles and motor equipment                | 1,979,204             |           |           | 1,979,204          |
| Software                                    | 9,600                 | 19,600    | 2         | 29,200             |
| Total capital assets being depreciated      | 15,569,484            | 31,909    | -         | 15,601,393         |
| Less accumulated depreciation for:          |                       |           |           |                    |
| Buildings                                   | 3,041,245             | 268,257   |           | 3,309,502          |
| Equipment                                   | 1,682,843             | 214,748   | 9         | 1,897,591          |
| Land improvements                           | 210,881               | 34,232    | -         | 245,113            |
| Vehicles and motor equipment.               | 1,639,058             | 143,430   | _ 0       | 1,782,488          |

## 2. Pension Plan and Other Postemployment Obligations

#### a. Local Governmental Employees' Retirement System

Plan Description. The County is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of

Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at <a href="https://www.osc.nc.gov">www.osc.nc.gov</a>.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2020, was 9.70% of compensation for law enforcement officers and 8.95% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$357,282 for the year ended June 30, 2020.

Refunds of Contributions – County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions, or any other benefit provided by LGERS.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the County reported a liability of \$1,974,318 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2019. The total pension liability was then rolled forward to the measurement date of June 30, 2020 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2021, the County's proportion was 0.055% (measured as of June 30, 2020), which was a decrease of 0.003% from its proportion as of June 30, 2020 (measured as of June 30, 2019).

For the year ended June 30, 2021, the County recognized pension expense of \$691,056. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | 0  | Deferred<br>atflows of<br>desources | In | eferred<br>flows of<br>sources |
|---|----|-------------------------------------|----|--------------------------------|
| Differences between expected and actual experience              | \$ | 249,322                             | \$ | -                              |
| Changes of assumptions  |    | 146,928                             |    | 1.0                            |
| Net difference between projected and actual earnings on pension |    |                                     |    |                                |
| plan investments  |    | 277,832                             |    | -                              |
| Changes in proportion and differences between County            |    |                                     |    |                                |
| contributions and proportionate share of contributions          |    | 50,442                              |    | 38,296                         |
| County contributions subsequent to the measurement date         |    | 332,895                             |    |                                |
| Total   | \$ | 1,057,419                           | \$ | 38,296                         |
|   | _  |                                     | _  |                                |

\$332,895 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: |    |         |
|---------------------|----|---------|
| 2022                | \$ | 198,593 |
| 2023                |    | 254,784 |
| 2024                |    | 150,627 |
| 2025                |    | 82,224  |
| 2026                |    | 1,4     |
| Thereafter          |    |         |
|                     | \$ | 686,228 |
|                     | _  |         |

Actuarial Assumptions. The total pension liability in the December 31, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 percent

Salary increases 3.50 to 8.10 percent, including inflation and

productivity factor

Investment rate of return 7.00 percent, net of pension plan

investment expense, including inflation

The plan actuary currently uses mortality rates based on the RP-2014 Total Data Set for Healthy Annuitants Mortality Table that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2021 are summarized in the following table:

| Asset Class                                     | Target Allocation |
|---|-------------------|
| Public Equity                                   | 32.7%             |
| Real Estate, Alternatives, Inflation and Credit | 27.6%             |
| Fixed Income (LTIF)                             | 26.3%             |
| Cash and Receivables                            | 13.4%             |
| Total   | 100.0%            |

The information above is based on 30-year expectations developed with the consulting actuary for the 2019 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.0%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension liability to changes in the discount rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

|   | 19 | (6.00%)   | -10.0 | (7.00%)   | <br>Increase<br>(8.00%) |  |
|---|----|-----------|-------|-----------|-------------------------|--|
| County's proportionate share of the net pension liability (asset) | \$ | 4,005,676 | \$    | 1,974,318 | \$<br>286,117           |  |

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

## b. Law Enforcement Officers' Special Separation Allowance

#### 1. Plan Description.

Perquimans County administers a public employee retirement system (the Separation Allowance), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time County law enforcement officers are covered by the Separation Allowance.

At the December 31, 2019 valuation date, the Separation Allowance's membership consisted of:

| Retirees receiving benefits  | 1  |
|--|----|
| Terminated plan members entitled to but not yet receiving benefits | 14 |
| Active plan members  | 17 |
| Total  | 18 |

## 2. Summary of Significant Accounting Policies:

Basis of Accounting. The County has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the

modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the criteria which are outlined in GASB Statement 73.

#### 3. Actuarial Assumptions

The entry age actuarial cost method was used in the December 31, 2019 valuation. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50 percent

Salary increases 3.25 to 7.75 percent, including inflation and

productivity factor

Discount rate 1.93 percent

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of June 30, 2020.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an experience study completed by the Actuary for the Local Government Employees' Retirement System for the five-year period ending December 31, 2014.

#### Mortality Rate

Deaths After Retirement (Healthy): Mortality rates are based on the RP-2014 Total Data Set for Healthy Annuitants Mortality Table. The RP-2014 annuitant tables have no rates prior to age 50. The RP-2014 Total Data Set Employee Mortality Table is used for ages less than 50.

Deaths After Retirement (Disabled): Mortality rates are based on the RP-2014 Total Data Set for Disabled Annuitants Mortality Table. Rates for male members are multiplied by 103% for all ages. Rates for female members are multiplied by 99% for all ages.

Deaths Before Retirement: Mortality rates are based on the RP-2014 Total Data Set Employee Mortality Table.

Mortality Projection: All mortality rates are projected from 2014 using generational improvement with Scale MP-2015.

### 3. Contributions.

The County is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The County paid \$18,138 as benefits came due for the reporting period.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the County reported a total pension liability of \$494,627. The total pension liability was measured as of June 30, 2020 based on a December 31, 2019 actuarial valuation. The total pension liability was rolled forward to June 30, 2020 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2021, the County recognized pension expense of \$63,515.

|  | Deferred<br>Outflows of<br>Resources |         |    | Inflows of<br>Resources |  |  |
|--|--------------------------------------|---------|----|-------------------------|--|--|
| Differences between expected and actual experience | \$                                   | 52,212  | \$ | 7,382                   |  |  |
| Changes of assumptions                             |                                      | 144,095 |    | 9,070                   |  |  |
| Total  | \$                                   | 196,307 | \$ | 16,452                  |  |  |

Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: |               |
|---------------------|---------------|
| 2022                | \$<br>32,791  |
| 2023                | 32,791        |
| 2024                | 33,546        |
| 2025                | 30,156        |
| 2026                | 24,092        |
| Thereafter          | 26,479        |
|                     | \$<br>179,855 |

Sensitivity of the County's total pension liability to changes in the discount rate. The following presents the County's total pension liability calculated using the discount rate of 1.93 percent, as well as what the County's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (0.93 percent) or 1-percentage-point higher (2.93 percent) than the current rate:

|                         | 100 | Decrease<br>(0.93%) | 12.12. | count Rate<br>(1.93%) | 2.00 | Increase<br>(2.93%) |
|-------------------------|-----|---------------------|--------|-----------------------|------|---------------------|
| Total Pension Liability | \$  | 548,993             | \$     | 494,627               | \$   | 445,185             |

# Schedule of Changes in Total Pension Liability Law Enforcement Officers' Special Separation Allowance

| Changes of assumptions and other inputs                                     | 149,483    |
| Benefit payments  | (18,138)   |
| Ending balance of the total pension liability                               | \$ 494,627 |

Changes of assumptions. Changes of assumptions and other inputs reflect a change in the discount rate from 3.26 percent at June 30, 2019 (measurement date) to 1.93 percent at June 30, 2020 (measurement date).

Changes in Benefit Terms. Reported compensation adjusted to reflect the assumed rate of pay as of the valuation date.

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study as of December 31, 2014.

#### c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions to for the year ended June 30, 2021 were \$38,503 which consisted of \$44,768 from the County and \$6,265 from the law enforcement officers.

### c. Supplemental Retirement Income Plan for General Employees

Plan Description. The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to general employees employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

Funding Policy. Each month, the County offers up to a one percent contribution match for any general employee that wishes to make voluntary contributions. Contributions to for the year ended June 30, 2021 were \$88,007 which consisted of \$25,694 from the County and \$62,313 from the general employees.

## d. Registers of Deeds' Supplemental Pension Fund

Plan Description. Perguimans County also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, cost-sharing multiple-employer defined benefit plan administered by the North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members - nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Registers of Deeds' Supplemental Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Resisters of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

Contributions. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$1,550 for the year ended June 30, 2021.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the County reported an asset of \$29,766 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2020. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2019. The total pension liability was then rolled forward to the measurement date of June 30, 2020 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At June 30, 2021, the County's proportion was 0.130%, which was an increase of 0.012% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2021, the County recognized pension expense of \$2,031. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Out | flows of<br>sources | Infl | terred<br>lows of<br>ources |
|---|-----|---------------------|------|-----------------------------|
| Differences between expected and actual experience              | \$  | 1.2                 | \$   | 607                         |
| Changes of assumptions  |     | -                   |      |                             |
| Net difference between projected and actual earnings on pension |     |                     |      |                             |
| plan investments  |     | ( - )               |      | 2,547                       |
| Changes in proportion and differences between County            |     |                     |      |                             |
| contributions and proportionate share of contributions          |     | 1,872               |      | 1,494                       |
| County contributions subsequent to the measurement date         |     | 5,108               |      | - :                         |
| Total   | \$  | 6,980               | \$   | 4,648                       |
|   |     |                     |      |                             |

\$5,108 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2022.

Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30 |               |
|--------------------|---------------|
| 2022               | \$<br>(254)   |
| 2023               | (731)         |
| 2024               | (1,149)       |
| 2025               | (642)         |
| 2026               | ()            |
| Thereafter         | - 2           |
|                    | \$<br>(2,776) |
|                    |               |

Actuarial Assumptions. The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 percent

Salary increases 3.50 to 7.75 percent, including inflation and

productivity factor

Investment rate of return 3.75 percent, net of pension plan

investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2021 is 1.4%.

The information above is based on 30-year expectations developed with the consulting actuary for the 2021 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 3.75%. The projection of cash flows used to determine the discount rate assumed that System contributions will continue to follow the current funding policy. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset

calculated using the discount rate of 3.75 percent, as well as what the County's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75 percent) or 1-percentage-point higher (4.75 percent) than the current rate:

|   | 0.07 | Decrease<br>2.75%) | <br>ount Rate<br>3.75%) | <br>Increase<br>4.75%) |
|---|------|--------------------|-------------------------|------------------------|
| County's proportionate share of the net pension liability (asset) | \$   | 25,282             | \$<br>29,766            | \$<br>33,560           |

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

# e. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for LGERS and ROD was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability for LEOSSA was measured as of June 30, 2020, with an actuarial valuation date of December 31, 2019.

The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contribution of all participating entities. Following is information related to the proportionate share and pension expense:

| and a second was taken as                                   | LGERS           | _  | ROD      | _1 | EOSSA             |    | Total              |

#### f. Other Postemployment Benefit

#### Plan Description

Plan Description. Under the terms of a County resolution, the County administers a singleemployer defined benefit Healthcare Benefits Plan (the HCB Plan). The County Board of Commissioners has the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Benefits provided. The HCB Plan provides healthcare and dental benefits for retirees with an unreduced service retirement benefit from LGERS and 20 continuous years of service with the County. The County pays 100% of the cost of coverage for employees' health benefits through private insurers until the employee reaches the age of 65 or becomes eligible for Medicare, whichever is sooner. The County pays 100% of the dental premiums for eligible retirees until they reach age 65. Dependent coverage is not permitted. A separate report was not issued for the plan.

Membership of the HCB plan consisted of the following at June 30, 2020, the date of the latest actuarial valuation:

|   | General<br>Employees | Law<br>Enforcement<br>Officers |
|---|----------------------|--------------------------------|
| Inactive plan members or beneficiaries<br>currently receiving benefit payments<br>Inactive plan members entitled to but not yet | 14                   | 1                              |
| receiving benefit payments  | F = 1                | 1.2                            |
| Active plan members   | 100                  | 17                             |
| A delication of the second  | 114                  | 18                             |

## Total OPEB Liability

The County's total OPEB liability of \$2,683,450 was measured as of June 30, 2020 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation                                      | 2.50 percent  |
|--|---|
| Real wage growth                               | 1.00 percent  |
| Wage inflation                                 | 3.50 percent  |
| Salary increases - General Employees           | 3.50 to 7.75 percent, including wage inflation            |
| Salary increases - Law Enforcement<br>Officers | 3,50 to 7.35 percent, including wage inflation            |
| Discount rate - Municipal Bond Index           | 3.50 percent<br>7.00% for 2019, decreasing to an ultimate |
| Health Care Cost Trends - Pre-Medicare         | rate of 4.50% by 2026                                     |

The discount rate is based on the June average of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by The Bond Buyer.

#### Changes in the Total OPEB Liability

| Beginning balance as of June 30, 2020   | \$ 2,365,838 |
|---|--------------|
| Changes for the year:                   |              |
| Service cost                            | 101,658      |
| Interest                                | 83,337       |
| Changes in benefit terms                | *            |
| Difference between expected and         |              |
| actual experience                       | (35,331)     |
| Changes of assumptions and other inputs | 342,327      |
| Benefit payments                        | (174,379)    |
| Net changes                             | 317,612      |
| Ending balance as of June 30, 2021      | \$ 2,683,450 |
|   |              |

Changes in assumptions and other inputs reflect a change in the discount rate from 3.50% to 2.21%.

Mortality rates were based on the RP-2014 Healthy Annuitant base rates projected to the valuation date using MP-2015, projected forward generationally from the valuation date using MP-2015.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period January 2010 through December 2014.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.21 percent) or 1-percentage-point higher (3.21 percent) than the current discount rate:

|                      | 1% Decrease |           | Discount Rate |           | 1% Increase  |  |
|----------------------|-------------|-----------|---------------|-----------|--------------|--|
|                      |             | (1.21%)   |               | (2.21%)   | (3.21%)      |  |
| Total OPEB liability | \$          | 2,989,057 | \$            | 2,683,450 | \$ 2,413,296 |  |

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were to calculate healthcare cost trend rates that are 1-percentage-point lower (6.5 percent decreasing to 4 percent) or 1-percentage-point higher (8.5 percent decreasing to 6 percent) than the current healthcare cost trend rate:

|             |                | Dis | count Rate  | 1% Increase  |  |
|-------------|----------------|-----|-------------|--------------|--|
| 1% Decrease |                |     | (7%         | (8 percent   |  |
| (6%         | (6% decreasing |     | creasing to | decreasing   |  |
| 5           | to 3.5%)       |     | 4.5%)       | to 5.5%)     |  |
| \$          | 2,324,252      | \$  | 2,683,450   | \$ 3,121,777 |  |

# OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the County recognized OPEB expense of \$244,177. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|  | O  | Deferred<br>utflows of<br>esources | Ir | Deferred<br>offlows of<br>esources |
|--|----|------------------------------------|----|------------------------------------|
| Differences between expected and actual experience           | \$ | 266,141                            | \$ | 42,002                             |

|                    | \$ | 453,385 |

#### g. Other Employment Benefits

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Government Employees' Retirement System (Death Benefit Plan), a multiple employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of these employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefits payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. Because all death benefit payments are made from the Death Benefit Plan and not by the County, the County does not determine the number of eligible participants. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The County considers these contributions to be immaterial.

#### 4. Risk Management

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County participates in two self-funded risk-financing pools administered by the North Carolina Association of County Commissioners. Through these pools, the County obtains property coverage equal to replacement cost values of owned property subject to a limit of \$200 million for any one occurrence, general, auto, professional, and employment practices liability coverage of \$2 million per occurrence, auto physical damage coverage for owned autos at actual cash value, crime coverage of \$250,000 per occurrence, and workers' compensation coverage up to the North Carolina statutory limits. The pools are audited annually by certified public accountants, and the audited financial statements are available to the County upon request. Both of the pools are reinsured through a multi-state public entity captive for single occurrence losses in excess of a \$500,000 retention up to a \$2 million limit for liability coverage,

and \$1,750,000 of each loss in excess of a \$250,000 per occurrence retention for property, and auto physical damage. For workers' compensation there is a per occurrence retention of \$750,000. The County provides employee health and dental benefits through a self-insured plan provided by Dogwood Insurance Company (DIC). Claims are administered and paid directly from the plan by DIC. Specific stop-loss is set at \$100,000 per individual health insurance claim with an unlimited lifetime maximum. Aggregate stop-loss is set at the level of 125% with a minimum aggregate attachment point of \$6,516,502 and a contract period maximum of \$1,000,000.

The County does not have any property in a flood zone and does not carry flood insurance.

In accordance with G.S. 159-29, the County's employees that have access to \$100 or more at any given time of the County's funds are performance bonded through a commercial surety bond. The finance officer, tax collector, and register of deeds are individually bonded for \$100,000, \$100,000, and \$100,000 respectively. The finance officer of the Perquimans County Tourism Development Authority is individually bonded for \$50,000.

The County carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

#### 5. Long-Term Obligations

## a. Capital Leases

The County has entered into agreements to lease certain equipment. The lease agreement qualifies as a capital lease for accounting purposes and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception.

The agreement was executed on June 30, 2021 for the lease of voting machines and requires five annual payments of \$40,600. Under the terms of the agreement, the County has the right to exercise a bargain purchase option of \$1 at the end of the lease term. This lease has an interest rate of 0.00%.

At June 30, 2021, the County leased equipment valued at:

| Class of Property |    | Cost    | Accumulated<br>Depreciation |        | Net Book<br>Value |         |
|-------------------|----|---------|-----------------------------|--------|-------------------|---------|
| Equipment         | \$ | 203,000 | \$                          | 20,300 | \$                | 182,700 |
| Total             | \$ | 203,000 | \$                          | 20,300 | \$                | 182,700 |

For Perquimans County, the future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2021 were as follows:

| Year Ending June 30,                        |           |
|---|-----------|
| 2022  | \$ 40,600 |
| 2023  | 40,600    |
| 2024  | 40,600    |
| 2025  |           |
| Total minimum lease payments                | \$121,800 |
| Less: amount representing interest          | 2         |
| Present value of the minimum lease payments | \$121,800 |

### b. Installment Purchase

The County entered into an agreement with RBC Centura, pursuant to N.C. General Statute 160 A-20, to finance the Perquimans High School Construction and Renovation Project. Total indebtedness under the agreement was \$11,000,000, at an annual interest rate of 3.65%. This loan was refinanced on December 18, 2008 with USDA. This loan was refinanced on December 6, 2012 with BB&T.

 Six million (\$6,000,000) with a term of fifteen (15) years at 2.64%, entered into on December 6, 2012. The County will make fifteen (15) payments of \$489,429 each. Principal payments and interest at 2.64% resulted in the following obligation at June 30, 2021:

| Total installment obligation indebtness | \$<br>3,423,128 |
|---|-----------------|
| Less: amount representing interest      | 334,919         |
| Net principal amount of obligation      | \$<br>3,088,209 |

III. Four million, two hundred thirty thousand, nine hundred sixty-seven (\$4,230,967) with a term of fifteen (15) years at 2.64%, entered into on January 8, 2013. The County will make the first payment of \$311,492 and the subsequent fourteen (14) payments at \$347,173 each. Principal payments and interest at 2.64% resulted in the following obligation at June 30, 2021:

| Total installment obligation indebtness | \$<br>2,430,214 |
|---|-----------------|
| Less: amount representing interest      | 237,573         |
| Net principal amount of obligation      | \$<br>2,192,641 |

On September 30, 2011, the County entered into an installment purchase agreement pursuant to N.C. General Statute 160A-20 for the purchase of a building to be used by Emergency Services. Total indebtedness under the agreement was \$1,108,181. The agreement has a twenty-year term at an interest rate of 2.49%. Payments will be \$98,000 annually plus accrued interest. Principal payments and interest of 2.49% resulted in the following obligation at June 30, 2021:

| Net principal amount of obligation      | \$ | 49,000 |
|---|----|--------|
| Less: amount representing interest      | -  | 615    |
| Total installment obligation indebtness | \$ | 49,615 |

On July 27, 2016, the County entered into an installment purchase agreement pursuant to N.C. General Statute 160A-20 for the construction of a new public library. Total indebtedness under

the agreement was \$2,500,000. The agreement has a ten-year term at an interest rate of 1.88%. Payments will be \$263,158 annually plus accrued interest. Principal payments and interest of 1.88% resulted in the following obligation at June 30, 2021:

| Total installment obligation indebtness | \$<br>1,529,000 |
|---|-----------------|
| Less: amount representing interest      | 81,632          |
| Net principal amount of obligation      | \$<br>1,447,368 |

During the 2020-2021 fiscal year, the County made interest payments of \$209,794.

#### Installment agreement indebtedness - business type activities

On January 27, 2011, the County entered into an agreement with the State of North Carolina, Department of Environment and Natural Resources, to receive a Federal Revolving Loan in the amount of \$2,795,220, as part of the American Recovery and Reinvestment Act of 2009, for the purpose of making improvements to the County's water supply system. One half of the amount borrowed is immediately forgiven. The remaining principal is to be repaid over 20 years bearing no interest at an annual amount of \$69,881 per year. Principal payments resulted in the following obligation at June 30, 2021:

| Total installment obligation indebtness | \$<br>698,805 |
|---|---------------|
| Less: amount representing interest      |               |
| Net principal amount of obligation      | \$<br>698,805 |

As authorized by State law [G.S. 160A-20] the County is financing water supply from Pasquotank County R. O. plant through an installment financing agreement with the PNC Bank. The total amount financed is \$1,350,000 at a fixed rate of 2.69% for 15 years. The agreement was executed on August 23, 2012 and requires 15 annual payments of \$110,564, with the first payment due August 23, 2013. Principal payments and interest at 2.69% resulted in the following obligation at June 30, 2021:

| Total installment obligation indebtness | \$<br>771,546 |
|---|---------------|
| Less: amount representing interest      | 76,983        |
| Net principal amount of obligation      | \$<br>694,563 |

For Perquimans County, the combined future minimum payments as of June 30, 2021 including interest are:

|                     |      | Governmen | tal Ac   | tivities | Business-type Activities |           |          |        |  |  |
|---------------------|------|-----------|----------|----------|--------------------------|-----------|----------|--------|--|--|
| Year ending June 30 | 75.4 | Principal | Interest |          | 26.11                    | Principal | Interest |        |  |  |
| 2022                | \$   | 1,009,269 | \$       | 166,079  | \$                       | 161,697   | \$       | 18,748 |  |  |
| 2023                |      | 978,673   |          | 142,113  |                          | 164,166   |          | 16,279 |  |  |

Net pension liability, total pension liability, and other postemployment liability for governmental activities are all typically liquidated in the general fund. Compensated absences for governmental activities typically have been liquidated in the general fund and are accounted for on a LIFO basis, assuming that employees are taking leave time as it is earned.

#### C. Interfund Balances and Transfer Activity

Transfers to/from other funds at June 30, 2021, consist of the following:

|  | _/ | Amount   |
|--|----|----------|
| From the General Fund to the Revaluation Fund to accumulate resources for octennial revaluation of real property | \$ | (25,000) |
| From the General Fund to the Tourism Development Authority   |    | (20,000) |
| From the Capital Projects Reserve Fund to the General Fund to supplement other funding sources                   |    | 450,000  |
| Total  | \$ | 405,000  |
|  |    |          |

### D. Net Investment in Capital Assets

|                                  | Go | vernmental | Bu | siness-type |
|----------------------------------|----|------------|----|-------------|
| Capital assets                   | \$ | 9,483,984  | \$ | 8,450,056   |
| Less: Long-term debt             |    | 1,618,168  |    | 1,393,368   |
| Net investment in capital assets | \$ | 7,865,816  | \$ | 7,056,688   |
| Net investment in capital assets | \$ | 7,865,816  | \$ | 7,05        |

#### E. Fund Balance

The following schedule provides management and citizens with information on the portion of the General fund balance that is available for appropriation:

| Total Fund Balance-General Fund    | \$ | 6,924,484 |
|------------------------------------|----|-----------|
| Less:                              |    |           |
| Stabilization for State Statute    |    | 846,532   |
| Register of Deeds                  | 1  | 39,457    |
| Tax revaluation                    |    | 171,514   |
| Dept of Justice Forfeiture Program |    | 9,197     |
| Appropriation for 2021-2022 budget |    | 1,092,889 |
| Remaining Fund Balance             | \$ | 4,764,895 |

Perquimans County has adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that available fund balance is at least equal to or greater the 8% of budgeted expenditures.

## IV. Joint Ventures

#### Pettigrew Regional Library

The County participates in a joint venture to operate the Pettigrew Library with three other counties: Chowan, Tyrrell, and Washington. Perquimans County does not appoint anyone to the Board, but may make recommendations for appointments. The County has an ongoing financial responsibility for the joint venture because the Library's continued existence depends on participating governments' continued funding. Perquimans County owns the library building and provides for the maintenance of that building. During the 2020-2021 fiscal year, the County contributed \$187,500 towards the operating expenses of the Library. Complete financial statements can be obtained from the Library's office at 110 West Academy Street, Hertford, North Carolina 27944.

#### Albemarle District Jail Commission

The County in conjunction with Camden and Pasquotank Counties, participates in the Albemarle District Jail Commission. Each participating government appoints one member to the four member board. The Jail Commission is a joint venture established to provide incarceration facilities for the participating counties. The intergovernmental agreement between the participating counties stipulates that each county make an annual contribution towards the operating expenses of the Commission. The contribution amount is based on a per capita assessment based on the most recent census figures available. During the fiscal year ended June 30, 2021, the County contributed \$707,400 to the Commission. None of the participating governments have an equity interest in the Commission. Complete financial statements for the Jail can be obtained from the Albemarle District Jail Commission, 320 South Hughes Blvd., Elizabeth City, North Carolina 27909.

# V. Jointly Governed Organization

#### Perguimans, Chowan, Gates Solid Waste Commission

Perquimans County, in conjunction with two other counties, established the Perquimans, Chowan, Gates County Solid Waste Commission to coordinate solid waste disposal for the counties. Each participating government appoints two members to the Commission's governing board.

#### Perquimans, Pasquotank, Camden, Chowan, Currituck Health Department

The Perquimans, Pasquotank, Camden, Chowan, Currituck (PPCCC) Health Department is a jointly governed organization. Each participating government appoints three members to the PPCCC Board.

#### VI. Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose the additional aid to County recipients which do not appear in the general purpose financial statements because they are not revenues and expenditures of the County.

|   | Federal          | State           |
|---|------------------|-----------------|
| Title IV-E Foster Care                              | \$<br>12,825     | \$<br>2,021     |
| State/County Special Assistance for Adults          |                  | 42,755          |
| State/County Special Assistance for the Disabled    |                  | 52,551          |
| State Children's Insurance Program-NC Health Choice | 233,883          | 7               |
| Adult Home Special Services                         | 2,978            | 1,489           |
| Medicaid  | 17,042,718       | 6,645,186       |
| Temporary assistance to needy families              | 35,189           |                 |
| Special Supplemental Nutrition Program for Women,   |                  |                 |
| Infants and Children                                | 131,059          |                 |
| Total   | \$<br>17,458,652 | \$<br>6,744,002 |
|   |                  |                 |

## VII. Summary Disclosure of Significant Commitments and Contingencies

### Federal and State Assisted Programs

The County has received proceeds from several federal and State grants. Periodic audits of these grants are required, and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

#### VIII. Subsequent Events

The County has evaluated subsequent events though November 11, 2021, the date on which the financial statements were available to be issued and has determined that there are no

disclosures or adjustments necessary in the accompanying financial statements relating to subsequent events.

## IX. Prior Period Adjustment

A prior period adjustment in the amount of \$2,767 has been made to the Emergency Telephone System Fund and the General Fund due to overreported revenues in the Emergency Telephone System Fund in fiscal year 2020.

| Total OPEB liability, beginning                                  | 2,365,838       |
| Total OPEB liability, ending                                     | \$<br>2,683,450 |
| Covered-employee payroll   | \$<br>3,748,995 |
| Total OPEB liability as a percentage of covered-employee payroll | 71.58%          |

#### Notes to Schedule

Changes of assumption: Changes of assumptions and other inputs reflect the effects of changes in the discount rate of each period. The following are the discount rates used in each period:

| Fiscal year | Rate  |
|-------------|-------|
| 2021        | 2.21% |
| 2020        | 3.50% |
| 2019        | 3.89% |
| 2018        | 3.56% |
| 2017        | 3.01% |
|             |       |

### **ENTERPRISE FUNDS**

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprise - where the intent of the governing body is that the costs of providing goods and services to the general public on a continunig basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of the net income is appropriate for accountability purposes.

Solid Waste Fund -- This fund is used to account for the County's solid waste activities

Water Fund -- This fund is used to account for the County's water operations

Water Capital Improvement Fund -- This fund is used to account for the water supply from Pasquotank County R.O. Plant Project

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the County Commissioners Perquimans County, North Carolina

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the Perquimans County, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Perquimans County, North Carolina's basic financial statements, and have issued our report thereon dated November 11, 2021.

## Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered Perquimans County, North Carolina's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Perquimans County, North Carolina's internal control. Accordingly, I do not express an opinion on the effectiveness of Perquimans County, North Carolina's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Perquimans County, North Carolina's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results

of my tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

# Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

H. Whibare, CPA, PC.

Edenton, North Carolina November 11, 2021

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of County Commissioners Perquimans County, North Carolina

# Report on Compliance for Each Major Federal Program

I have audited Perquimans County, North Carolina's compliance with the types of compliance requirements described in the OMB Compliance Supplement and the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that could have a direct and material effect on each of Perquimans County, North Carolina's major federal programs for the year ended June 30, 2021. Perquimans County, North Carolina's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

## Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

## Auditor's Responsibility

My responsibility is to express an opinion on compliance for each of Perquimans County, North Carolina's major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance); and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Perquimans County, North Carolina's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination of Perquimans County, North Carolina's compliance.

# Opinion on Each Major Federal Program

In my opinion, Perquimans County, North Carolina, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

### Other Matters

The results of our auditing procedures disclosed no instances of noncompliance. My opinion on each major federal program is not modified with respect to this matter.

# Report on Internal Control over Compliance

Management of Perquimans County, North Carolina, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered Perquimans County, North Carolina's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of Perquimans County, North Carolina's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

WILDOME, CPA, P.C.

Edenton, North Carolina November 11, 2021

### Notes to the Schedule of Expenditures of Federal and State Awards:

### 1. Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of Perquimans County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2021. The information in the SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of Perquimans County, it is not intended to and does not present the financial position, changes in net position, or cash flows of Perquimans County.

### 2. Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

### 3. Indirect Cost Rate

Perquimans County has elected not to use the 10-percent de minimus indirect cost rate as allowed under the Uniform Guidance.

### 4. Cluster of Programs

The following are clustered by the NC Department of Health and Human Services and are treated separately for state audit requirement purposes: Subsidized Child Care and Foster Care and Adoption
