Pickling

When: Wednesday August 30th, 2023 (10:00-12:00 AM)

Where: 601A S Edenton Rd St, Hertford, NC 27944

Cost: \$15 Per Person

Join Perquimans' FCS agent in a hands-on workshop learning the ins and outs of Pickling. Pickling foods creates a tasty product using salt, spices, vinegar and/or sugar. The acidic environment in pickling is important for taste, texture, as well as safety of the product as this environment protects the product from the growth of a dangerous foodborne bacteria. Following tested recipes and not altering ingredient ratios will help to ensure a safe product. Join us in learning more about pickling and making a tested recipe during class!

Youth Horse Results

Alissa Harris and Georgia Wand were selected to be members of the North Carolina 4-H Horse Bowl, Hippology and Judging teams. The teams participated at the Southern Regional 4-H Horse Championships held in Perry, Georgia on August 3. Alissa and Georgia did an outstanding job of representing Perquimans County.

@ Varieties are listed in descending order according to average yield across locations (i.e. 1 (highest yield) to 24 (lowest yield)). Within locations, the varieties are ranked in descending order according to yield from highest (1) to lowest yielding variety (24). The top 3 yielding varieties within locations and across locations have their ranking marked as follows: 1 (blue), 2 (red), and 3 (yellow).

* The average for five locations includes the Chowan, Currituck, Gates, Pasquotank, and Perquimans sites. Pasquotank site was replicated and yield was an average of the replications.

Upcoming Dates:

- Pickling Class - August 30th
- Pasture Establishment Class - August 31st
- Pesticide V-Training - September 7th
- Perquimans 4-H Chicken and Rabbit Show - September 23rd

NC State University and N.C. A&T State University work in tandem, along with federal, state and local governments, to form a strategic partnership called N.C. Cooperative Extension.
